

DIVERSITY SURVEY - RESULTS - FALL 2025

Class of 2028

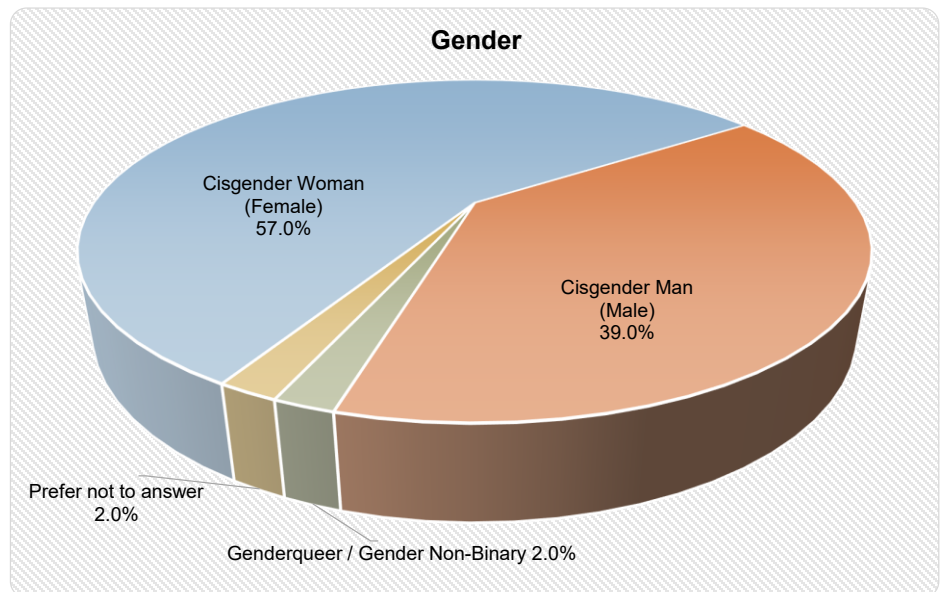

Response Rate: 100%

Notes

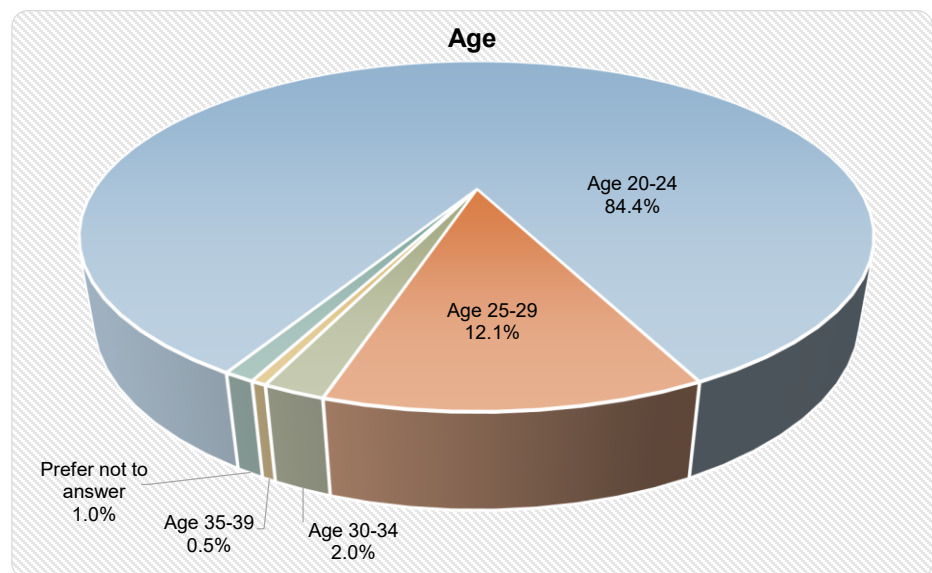

1. The class size is 197. However, 199 responses appear for most questions because two students completed the survey before withdrawing from the program.
2. For questions where respondents could select all that apply, responses exceed 199.
3. The survey instrument was amended in this cycle (for some questions) such that the data from this survey may not be comparable to previous survey results on every metric.
